Good catch, Mike.

Our TAD notes that allowables can be used if intended to show attainment (e.g., facility adopts a new hourly limit). Were the two of you invited to today's 12:30 eastern pre-meeting call with OCIR and Region 7 (no staff here were invited, but I'll be listening in)? I think Scott intended to use the time to walk through this pager and correct any last minute deficiencies so we're on the same page for the actual meeting with McCaskill's staff (no clue when that is).

I realize I'm coming into this very late, but made a quick pass through it and had a small typo edit (b)(5) Deliberative Process Privilege
(b)(5) Deliberative Process Privilege CC'ing Jonathan too since we are all going to be needing to search for and review docs responsive to Ameren's recent FOIA request.

Hi Andy – with regard to Scott's comment:

(b)(5) Deliberative Process Privilege

Other than that, others in AQAD may still want to take a last look at the document, but you don't need to wait on us to move this along to the next step. (b)(5) Deliberative Process Privilege

Good morning,

Scott had some small edits and clarifications to the pager that was sent up last Thursday. It is not time critical that we have all the pieces in place by today's 12:30 eastern pre-call with OCIR/Region 7 (still not sure what the final invite list looks like) since any gaps can be filled in then, but if you all have a few moments to spare, Scott wanted to make sure that his edits and messages for an executive level summary wouldn't cause any heartburn.

Thanks!

Thanks for the speedy turnaround on your review. This is the version that just went to Scott, though it may change prior to Monday's pre-meeting. I know that the pre-meeting has been set up with Region 7 and OAQPS, with an invite list that was quite short (APMs/counterparts and above, and maybe OAQPS/R7 Congressional Liaison staff)

Your names have been implicated of course for the actual meeting with Senator McCaskill's staffer, but date and time tbd.

Thanks again!

I realize that this response comes after Todd sent some other thoughts that might change the order of some of the information, but I was already in progress on some suggested edits. See the attached word document. Please let me know if we need to rethink some of the phrasing suggestions.

Subject: SO2 Designations: Review of Pager for Ameren Labadie

Good morning,

We got pinged for a meeting with Senator McCaskill's staff to discuss the intended nonattainment designation for Franklin County, Missouri (Ameren Labadie). At Scott's request, a pager has been developed with his specified info.

Can you all take a quick look to make sure I've characterized everything correctly? Info was taken from the MO TSD and Sierra Club's letter/compliance report for the facility. Keeping relevant info to a page for this type of shenanigans is harder than I thought it'd be...

Sorry for tight turnaround; we aspire to have something that Scott can tweak by noon eastern today...
